CRITERION I – CURRICULAR ASPECTS**1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institute follows the curriculum prescribed by Dr. Babasaheb Ambedkar

Marathwada University, Aurangabad (BAMU). The Academic Monitoring Committee (AMC), comprising Academic Co-ordinator, class teachers and Teaching Learning Committee frames the time table for each semester which is provided to the faculty in advance. AMC provides academic calendar at the beginning of each academic year to the faculty which contains list of key curricular, co-curricular and extracurricular activities to be undertaken along with tentative schedule. Examination department provides time table for regular and revised internal exams and also communicates the University exam schedule to the faculty as and when it is displayed on the university website. Class teachers collect the different type of Continuous Assessment (CA) tests planned to be conducted by each faculty for theory and practicals. They prepare the schedule for conduct of the CAs. Based on these documents each faculty prepares the session planner for their subject and records the topics covered in theory and practicals in the Daily Entry File. The Course Monitoring Committee (CMC) comprising Academic Co-ordinator, class teachers and class representatives monitors the curriculum delivery before the start of sessional exams in each semester and verifies the records of number of lectures taken and topics covered. If additional lectures or practical days are required the Academic Co-ordinator prepares schedule for the same. Peer review system has been started to provide additional check to the syllabus delivery process. Every laboratory in-charge ensures that laboratory file is maintained which includes subject wise list of all experiments to be conducted in the laboratory as well as list of chemicals, reagents, apparatus and lab time table. Log books are maintained to record usage of all instruments and equipments in the labs. Maintenance of equipments and instruments is regularly carried out to ensure that practicals can be conducted without any hindrance. Stock of chemicals, apparatus and glassware is checked at the end of each year and requirement for same is prepared in advance and submitted to appropriate authorities for further action. Central library is well stocked with books, journals and periodicals as prescribed by the syllabus as well as additional reference materials on the subject or on specific topics. Besides this departmental library is used for referencing for practicals. Purchase of books, chemicals and glassware is done when the syllabus is revised by the BAMU. Guest lectures by eminent academicians, scientists and industry professionals are a value addition to the curriculum delivery process. Our faculty also participates in workshops conducted for orientation to new subjects to ensure effective curriculum delivery. Departmental meetings are conducted to contribute to the syllabus revision process of the University.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. Waste Management: The organic solid waste is mainly generated from canteen and campus garden. These are collected and segregated for the composting. The institute have a composting unit in the campus. The composed material is used for medicinal plant garden and campus landscape. 2. Use bicycles: Students/faculty members are encouraged to use bicycles as measure for transportation. The local students are mainly arrives the campus by using bicycles. 3. Restrict Chemical fertilizers: Institute uses the bio fertilisers for medicinal plants and land scape gardening. 4. Energy conservation: sufficient number of power saving LED Lights are installed in the institution as possible and required. 5. Alternate source of energy: Solar system has been installed in the institution. 6. Single Use plastic Ban: The institute has made policy to restrict single use plastic in the campus and institute. 7. Tree plantation and green landscape: The institute actively participates in tree plantation activities in campus and nearby area.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice 1 1. Title of the Practice Evolve Budding Pharmacist Professionally Capable and Socially Responsible. 2. Objectives of the Practice: a) Develop soft skills including mental health b) Boost self-confidence and participative learning c) Prepare for competitive examinations d) Expert sessions in thirst areas e) Aware Service to community health. f) Provide advanced teaching-learning facilities 3. The Context: Develop student Communication skills and Physical/Mental Health. Enhancing students confidence by organizing activities like various Competitions/debates/ poster presentations/certificate courses. Organise Expert sessions for competitive exam preparations like GPAT/NIPER/IELTS etc. Provide advanced facilities like e-journals, ICT facilities, simulation-based/problem-based teaching learning etc. The institute organizes guest/expert lectures and encourages students to attend state/national state-level conferences, and poster/paper presentation competitions. Institutes have well-established NSS cells. The NSS cell organizes activities for social awareness, professional responsibilities, and contributions to society. 4. The Practice: Overall development of budding pharmacists is very important. Curriculum learning is one part of professional enrichment however developing skills is also important for pharmacy professionals. In todays generation, mental/psychological stress is an

influencing factor and disturbs students. To handle stressful conditions activities for mental well-being and health need to be improved. The admitted students at the institute are mainly from rural backgrounds and are not fully aware of competitive examinations and their preparations. Considering the future opportunities in higher education the expert sessions need to be organized. Community pharmacy, Pharmacist social responsibilities, and contribution towards national development are important aspects that need to be inculcated in the students. To address the above institute NSS Cell organizes activities like Cancer, AIDS awareness rallies, Swachata Abhiyan, Tree plantation, Blood donation camp etc. Activities for Personality soft/communication skills, and mental health development. so the institute organizes programs about life skills and also encourages their confidence by participating in Competitions/debates/ poster presentations/certificate courses. Students are encouraged and motivated to participate in research competitions like "Avishkar" organized by Dr. BAMU. The Avishkar fosters young researchers that are research culture among the students and encourages them further to convert their ideas into physical reality, to encourage original and novel thinking, and to provide an opportunity for expression of academic talent. The ICT enables teaching learning like academic videos/PowerPoint presentations/simulations facilitates students to understand concepts/practical approaches and deep learning.

5. Evidence of Success: 105 numbers have attended the Carrier counseling program. 139 numbers of students benefitted from the mental health sessions. 1 student participated in the Avishkar competition. 02 GPAT/NIPER preparations guest lectures are organized 200 students are benefited and 10 students are qualified in the same. 14 students opt for higher education. 32 students are placed in various industries. 100 numbers of students participated in the AIDS awareness rally, 139 students participated in the cancer awareness rally, and 101 students donated blood during the camp. 100 plants were planted by 95 students, 105 students participated in Swachta Abhiyan, 6. Problems Encountered Recourse Required: a) Most of the students are coming from rural areas and have English language phobia. b) Lack of stage daring and confidence. c) Casual attitude and reluctant behavior towards soft skill development. d) Being away from metro cities and industrial areas leads to difficulties in industrial training and the availability of industrial experts. 7. Notes: It is a need of the era to be aware of the significance of soft skills, social responsibilities, and professional development in budding pharmacists.

Best Practice 2

1. Title of the Practice Faculty Professional Development through Seminar/FDP/Webinar/Workshop

2. Objectives of the Practice:

a) To aware faculty about current trends in pharmaceutical sciences b) To inculcate research aptitude in faculty members c) To improve ICT, enable teaching-learning method d) To upgrade the theoretical knowledge and practical application

3. The Context: The initiative for Faculty Professional Development was carried out under the guidance of Principal, Dr. Amol A Joshi. The institute organizes FDP/Seminars/Conferences/Workshops for the faculty members. Also, the institute encourages faculty to attend such programs organized by other institutes. The institute provides financial support and official leave to attend seminars/workshops/webinars/FDP to faculty members. Faculty members are also encouraged to participate in research poster/paper presentations etc.

4. The Practice: The faculty's professional development is attributed to and enhanced by organizing or deputing faculties for FDP/Seminars/Webinars/Conferences/Workshops etc. This will enhance faculty members academic intellectual, research aptitude and skills, practical understanding, recent developments, and technologies adapted in the field of health care and pharmaceuticals. Financial and leave assistance encourages faculty members to attend professional development programs. The institute also provides necessary facilities and computers, internet access, reprographic facilities, audio-visual access, etc. to the faculty for attending various developmental programs.

5. Evidence of Success: A total of 196

seminars/FDP/Webinars/Workshops/conferences attended by faculty members through offline online mode in 2019-20 year. A total of 29 research/review publications were published in National/international journals. XXX faculties are presented paper/poster presentations, and 12 faculty are provided with leave and financial assistance. 6. Problems Encountered Recourse Required: Due to the academic workload and stipulated semester period, the faculty members are unable to attend the QIP program. Research apttute needs to be inculcate in faculty members. 7. Notes: Faculty members should understand the importance of professional development and research skills as a thrust of the pharmaceutical field.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words
